Student Handbook 2010-2011

Dear parents, guardians and students,

Greetings and welcome to the 2010-2011 school year! Here is your student handbook. It contains a great deal of information important to student life here in the senior high school. Please keep it to refer to throughout the year. The handbook includes valuable information about:

- Interim reports and report cards
- Attendance expectations
- Code of conduct
- Acceptable use policy
- Academic eligibility procedures
- Dance contract
- Visitor procedures
- Jr./Sr. High School Open House

I ask that you take time to look over and discuss the contents of the handbook with your child. The information in this handbook is extremely important. To acknowledge receipt of this handbook and that you have reviewed it with your child, please return a signed copy of the signature page, located at the end of this book, to your child's homeroom teacher as soon as possible. On the signature page you and your child will also indicate you have read and understand the dance contract and our electronic use policy. It is of the utmost importance to sign and return this page, along with other important school related documents, so that your child will be eligible to attend dances or participate in extracurricular activities.

Parents and guardians, when coming to school, please be sure to sign in the main office to obtain and wear a visitor's pass. Please note that visitors are not allowed to meet with teachers or students unless prior arrangements have been made and the main office is notified. In order to ensure the safety and educational progress of our students, no visitors are allowed unless they have official business to conduct. For those students who would like to bring visitors, they must obtain prior authorization from the principal.

Sincerely,

Ms. Adams
Jr./Sr. High School Principal

- A) An integrated course in mathematics/science/technology may be used to satisfy the requirement for a third unit of credit in mathematics or science.
- B) Students are required to have completed two units of study in a Language Other Than English (LOTE) by the end of their 9th grade year. One unit of credit is earned either by passing the state LOTE proficiency exam or earning a unit of commencement level credit in LOTE.
- C) Students acquiring 5 units of credit in one of the following may be exempt from the LOTE requirement for an Advanced Regents Diploma: Art, Technology, Agriculture, Business or Vocational Education.
- D) **Re-taking Regents Exams** – Students may choose to retake a Regents Exam in English, Social Studies, Math, Science or a Second Language. The Regents score obtained on retakes (if higher) will be reflected on their high school transcript. Please note – every year there are scholarships available to students with the highest Regents exam marks; therefore, retakes for high achieving students may be appropriate.
- E) **Challenging a Regents Exam** – Students who would like to challenge a Regents exam must obtain prior approval from the principal and the cooperating teacher. To obtain credit for a challenged exam, a student must obtain a grade of 85 or better on the Regents exam and complete a project, supervised by the teacher of the course.

REQUIREMENTS FOR PROMOTION

Students need to successfully complete at least 5 1/2 credits per year to remain in their original 9th grade cohort.

Grade 9	Completion of 8 th Grade requirements
Grade 10	5 Credits
Grade 11	10 Credits
Grade 12	15 Credits

Accumulated credits must contain core subjects (English, Social Studies, Math, and Science). Retention is determined on an individual basis by administration.

Minimum Credits

All students are strongly encouraged to carry a course load of 6.5 credits each year, including physical education. All students are expected to maintain complete and challenging schedules. Seniors with special circumstances, who wish to have early dismissal or late arrival, must apply to the Principal in advance.

Dropping a Course

Counselors may consider a change in schedule only during the first 7 days of each semester provided that the student's schedule does not drop below 6.5 credits. A course may be added up until this point as well.

A schedule change due to academic difficulty may be considered after five weeks provided:

1. Written request from parents is made
2. Student is carrying the minimum number of required courses
3. Student has made a sincere effort to succeed.
4. The student, parent, teacher, guidance counselor and principal are in agreement regarding the change.

Students dropping a full-year course after 25 weeks or a half-year course after 15 weeks will receive a W/D on their report card and final transcript.

EARLY GRADUATION

The standard four-year program is suited to most students in terms of their emotional, physical and intellectual development. It is also most readily adaptable to post high school educational and vocational plans. Special situations may occur in which students may need to shorten the length of their high school program. Such a decision must involve parents, principal, guidance counselors and the student, and may take some advance planning to ensure that all academic requirements are met.

NO DOUBLING UP POLICY

Students who fail a required English or Social Studies course are not allowed to double-up in a specific subject area in an attempt to catch up. Students will be required to retake the course in summer school or repeat the entire failed course the next year.

For extenuating circumstances, reviewed by administration, departmental staff and guidance department, a senior may be permitted to double-up.

HONOR ROLL

Honor rolls are based on the grade point average (GPA) for each of the four marking periods.

High Honor = 89.500 to 100

Honor = 84.500 to 89.499

A student will not qualify for the honor roll if they receive any of the following grades:

Less than 65
U - Unsatisfactory
INC – Incomplete
F – Fail
NG – No grade

GRADE POINT AVERAGE

GPA is calculated at the completion of each quarter. The final GPA is based on the grades given for each course, which are totaled and divided by the total number of credits the courses are worth.

For quarterly GPA calculation, courses that meet every day, including half-year courses (H.S. Health, Economics, English Composition, etc.) will be counted as the full grade. Courses that meet every other day (PE, keyboarding, etc.) will be counted as half the grade toward the quarterly GPA.

Example:	English (1)	90
	Math (1)	82
	Science (1)	84
	Social Studies (1)	79
	P.E. (1/2)	87 (43.5)
	Keyboarding (1/2)	<u>79 (39.5)</u>
	Total	418 divided by 5 (credits) = 83.60 GPA

HONOR GRADUATE REQUIREMENTS

In order to be considered for Honor Graduate status, students must have achieved an 89.5 cumulative (grades 9-12) grade point average or higher after the 2nd quarter of the senior year.

GRADUATION CEREMONY PARTICIPATION

Students will be allowed to participate in the June graduation ceremony, if, by the end of the 3rd quarter, a student is mathematically* eligible to graduate. If a student is not mathematically eligible to graduate, he/she **will not** participate in the graduation ceremony. All students' participation in the June graduation ceremony is also dependent upon satisfactory** behavior, subject to administrative review.

**mathematically* – indicates that a student's average is such that with the time remaining in the school year the student can earn a passing average by the end of the course without having to earn any grades of more than 100 for a quarter or on a final exam to bring the overall course average up to a passing grade of 65.

***satisfactory behavior* – if a student's behavior falls below acceptable levels at any time during the school year, administrators will warn the student and his/her parents that continued unacceptable behavior, as defined in the student handbook, could result in the student not being allowed to participate in graduation ceremonies.

IEP DIPLOMA

The student must have completed 12 years of school, not including Kindergarten, and must have successfully completed the goals in the IEP during that year.

A student must be awarded such a diploma at the age of 21, if the IEP goals for that year are met. A student or the student's parents may request that the district award the high school IEP diploma prior to the year the student becomes 21. This will be awarded based on school district policy.

If an IEP diploma is presented prior to age of 21, the student retains his or her eligibility to attend the public schools of this district without the payment of tuition, until he or she has earned a high school diploma or until the end of the school year in which the student's 21st birthday occurs, whichever is earlier.

GRADUATION ATTIRE

Graduation is a ceremony provided by the Board of Education to celebrate the achievement of an academic milestone. This event will be conducted in a manner that reflects the happiness and dignity such an occasion warrants. We invited participants to help to make this experience positive and memorable by adhering to the following guidelines for dress:

Ladies: Low heeled shoes (for safety moving in and around risers, bleachers etc.), dresses, dress skirt and blouse or pants and blouse. **Shorts and jeans will not be allowed.**

Gentlemen: Dress shoes, (no work shoes, sandals or sneakers), socks, pants, shirt with collar. **Shorts and jeans will not be allowed.**

All students participating in graduation must wear caps and gowns representing our school colors, (blue and white) and conduct themselves in a manner befitting the occasion in the judgment of advisors, administrators and the Board of Education. These caps and gowns may not be altered in any way. Questions regarding dress or behavior should be addressed to school personnel well in advance of graduation to prevent embarrassment.

Any graduation candidates who do not comply with guidelines of dress or conduct will not be allowed to participate in this ceremony, and may pick up their diplomas at the high school main office during school hours the week following graduation.

COLLEGE COURSES

The district permits students to take college courses off campus during the high school day if they meet certain requirements:

1. Successful completion of the high school curriculum through Grade 11.
2. Demonstration of potential for the successful completion of college work.
3. Recommendations for entrance into such courses from the school counselor and appropriate staff members.
4. Approval from the high school principal.
5. Approval from the early admissions officer at the college.
6. Assignment of the student to an advisor at the college.

A maximum of one college course per semester is permitted unless a student has a reduced course load at Schoharie and it is the judgment of the high school principal that the student can successfully handle two college courses.

If students choose to complete the senior year at a college, all the above requirements apply, with the exception of course work limitations. It is understood that candidates will supply their own transportation to and from the college campus. In both cases the senior high school counselor is responsible for student data regarding program to be recorded in the student's permanent record.

SCHOOL COUNSELORS

All students are urged to consult their school counselor for help in a great number of areas. In addition to school schedule planning, personal counseling and post-secondary planning, the school counselor should be consulted about the following:

- A. Program planning decisions
- B. Coordination of communication about student academic progress
- C. Entrance into the Occupational Education program
- D. Transfer to another school or program
- E. Early admission to college programs
- F. Graduation options

PROCEDURES FOR OBTAINING COURSE CREDIT BY CHALLENGING THE EXAM

Students may gain credit for high school courses by successfully passing an exam and meeting other specific criteria. The maximum credit which may be earned by this procedure in high school is 6 1/2 units. In order to accumulate credit by this method, each of the following procedures MUST be followed:

1. Students who apply to receive credit by challenging the exam must be evaluated to determine:
 - a: if the student's past academic performance warrants this opportunity
 - b: if this will benefit the student academically.
2. If BOTH of the above criteria are met, the student will then be allowed to take a state developed or state approved exam. The student must achieve a score of 85% or higher.
3. The student must also pass an oral exam or complete a project to demonstrate proficiency in the subject. This project or oral exam will be developed by the involved department and approved by the principal.
4. In addition, the student must attend school or have received substantially equivalent instruction elsewhere.

Courses for units of credit by examination which have been approved include the following:

Comprehensive English	Math A/Integrated Algebra
Comprehensive French	Math B/Integrated Geometry
Comprehensive Spanish	Global Studies
U.S. History	

Directions for the student:

To be considered for the credit by exam challenge, you must do the following:

1. Fill out an application and meet with your school counselor. This should be done by May 10, of the year preceding the challenge.
2. Have your counselor review the requirements and expectations and answer any questions you may have.

3. Have your application, along with other important information, reviewed by the appropriate department. They will provide the building principal with a recommendation.
4. Have the principal review your application, with all other needed information, in order to make a final decision and notify you by September 30th of the preceding year.

If approval is granted, you must confer with the identified teacher to obtain all necessary information in order to meet the requirements. A pretest will be administered during final exam week. This test will better ascertain your ability to succeed at the challenge. You must earn a mark of 75 or better. During the year of the challenge, you and the identified teacher will make arrangements about the extent of the project or oral exam, about the due dates for the project or oral exam, and about the date of the administration of the challenge exam.

GUIDELINES FOR DISCIPLINE STANDARDS

The Schoharie Junior-Senior High School expects all students to conduct themselves in an appropriate and civil manner, with proper regard for the rights and welfare of other students, district personnel and other members of the school community, and for the care of school facilities and equipment.

The best discipline is self-imposed, and students must learn to assume and accept responsibility for their own behavior, as well as the consequences of their misbehavior. School personnel who interact with students are expected to use disciplinary action only when necessary, to place emphasis on the students' ability to grow in self-discipline and to help them understand that accepting responsibility for mistakes is a vital part of maturing into a young adult.

The School recognizes the need to make its expectations for student conduct while on school property or engaged in a school function on or off school grounds specific and clear. The rules of conduct listed below are intended to do that and focus on safety and respect for the rights and property of others. Students who will not accept responsibility for their own behavior and who violate these school rules will be required to accept the penalties for their conduct.

General Statement - All possible infractions of proper school behavior are not listed in the following guidelines. The absence of any single infraction does not mean that disciplinary action will not be taken against the guilty student(s). Indeed, in all cases requiring discipline, the school principal is empowered to evaluate the seriousness of each incident, or combination of same and to administer the punitive action that he/she believes is appropriate under the given circumstances.

- G. Engage in any form of bullying that is designed to or have the effect of interfering with one's ability to be educated in a safe, non hostile environment. For the purposes of this code of conduct and its implementation, "bullying" is defined as the repeated intimidation of others by the real or threatened infliction of physical, verbal, written, electronically transmitted, or emotional abuse, or through attacks on the property of another that takes place on school property, at any school-sponsored function, on a school bus, or that takes place off school grounds.
- H. Engage in Cyber-bullying that is designed to or have the effect of interfering with one's ability to be educated in a safe, non hostile environment.
1. As with other forms of bullying, cyber-bullying is an attempt to display power and control over someone perceived as weaker. Cyber-bullying involving District students may occur both on campus and off school grounds and may involve student use of the District Internet system or student use of personal digital devices such as cell phones, digital cameras, and personal computers to engage in bullying.
 2. Cyber-bullying includes, but is not limited to, the following misuses of technology: harassing, teasing, intimidating, threatening, or terrorizing another student by way of any technological tool, such as sending or posting inappropriate or derogatory e-mail messages, instant messages, text messages, digital pictures or images, or Web site postings (including blogs).

DRESS CODE

- A. The students of Schoharie Jr./Sr. High School take pride in themselves and their school. They realize that the way they dress and conduct themselves reflects credit on their home and school. No apparel is to be worn during regular school hours and school related activities that is suggestive, disruptive, and unsafe or a hindrance to the teaching and learning process.
- B. All students are expected to give proper attention to personal cleanliness and to dress appropriately for school and school functions. Students and their parents have the primary responsibility for acceptable student dress and appearance. Teachers and all other district personnel should exemplify and reinforce acceptable student dress and help students develop an understanding of appropriate appearance in the school setting.

A student's dress and appearance shall:

1. Be safe, appropriate, and not disrupt or interfere with the educational process.
2. Ensure that underwear is completely covered with outer clothing.
3. Recognize that extremely brief or revealing garments such as tube tops, halter-tops, see-through garments, etc., are not appropriate.
4. Not include cut-offs, bathing shorts, or excessively short skirts or shorts.
5. Not include items that are vulgar, obscene, and libelous or that denigrate others on account of race, color, religion, creed, gender, sexual orientation or disability.
6. Not promote and/or endorse the use of alcohol, tobacco or illegal drugs and/or encourage other illegal or violent activities.
7. Include footwear, as it is required on all students while they are on school property. Roller blades, roller skates, sneakers with wheels, or any other footwear that contains wheels are prohibited.

Students who violate the student dress code shall be required to modify their appearance by covering or removing the offending item, and if necessary or practical, replacing it with an acceptable item. Any student who refuses to do so shall be subject to discipline, up to and including in-school suspension for the day. Any student who repeatedly fails to comply with the dress code shall be subject to further discipline, up to and including out of school suspension. Parents may be called to bring appropriate clothing to school for their student.

- E. Students shall be required to wear protective gear in certain classes such as family and consumer science, technology, and/or physical education. Any student who refuses to wear such protective attire shall be prohibited from participating in that part of the class requiring such attire. Safety gear shall include, but not be limited to, safety glasses, mouth/nose masks, gloves and hairnets.
- F. Student visitors to the Schoharie Jr./Sr. High School shall be dressed appropriately.

STUDENT CONDUCT ON SCHOOL BUSES

The Schoharie School Community is committed to creating and sustaining a safe school environment where its children can achieve their fullest academic, social and emotional potential. Advocated by the staff, students, parents, and community members, this philosophy aims to promote and reinforce positive, appropriate, and respectful behavior of all students.

The school's transportation facilities are considered to be part of the total school program; therefore, the school bus is considered an extension of the school building and students on buses are responsible for following all school rules and regulations. In addition, the bus driver is in charge of the bus and passengers must follow his/her directions.

Code of Conduct:

1. Students expect and appreciate clear and consistent guidelines and should be accountable for their behavior.
2. Students who have different needs, abilities, and values are to be treated in a manner recognizing these differences.
3. Discipline will be administered as soon as possible and be consistent with the severity of the infraction.

Riding on school buses is a privilege: Safety demands rules of conduct.

1. Students must show respect for all persons in authority.
2. Student must be reasonably quiet and orderly.
3. Students must demonstrate consideration for people and property at the bus stops and on buses.
4. Students must enter and leave the bus only when it is motionless and stay in their seats while the bus is moving.
5. Students should refrain from extending any part of their body out of the school bus windows, as it is dangerous.
6. Students may not eat or drink on the bus.

7. Loud talking, pushing/shoving, threatening violence/fighting, offensive language, and smoking are NOT permitted.
8. Students may not carry large objects on the bus. (Carried objects must fit into a bag)
9. Only musical instruments of a reasonable size may be carried on the bus.
10. Animal specimens are not allowed on busses and must be brought to and from school by parents/guardians.

The laws of New York State require the use of safety belts in vehicles that seat 12 or fewer children. Failure or refusal to use the safety belts can result in the loss of transportation privileges. Children who become a serious disciplinary problem on the school bus may have riding privileges suspended by the principal. In such cases, the parents of the children involved will be responsible for seeing that their children get to and from school safely.

Video cameras may be used to monitor student behavior on school vehicles transporting students to and from school or extra-curricular activities. Violations of the school code of conduct, as well as participation in any illegal activities, will be dealt with in accordance with applicable laws and school regulations.

Any consequence(s) for misbehavior will be consistent with the severity of the infraction, determined, and implemented at the discretion of the building principal.

If anything is **lost on a bus**, call the bus garage at 295-6684 to check the lost and found box.

HARASSMENT AND HAZING

The Schoharie Jr./Sr. High School recognizes that hazing, harassment, sexual or otherwise, and/or bullying of students and staff is abusive and illegal behavior that harms victims and negatively impacts the school culture by creating an environment of fear, distrust, intimidation and intolerance. The District further recognizes that preventing and remedying hazing, harassment, and/or bullying in schools is essential to ensure a healthy, nondiscriminatory environment in which students can learn and employees can work productively.

The School is committed to providing a safe educational and working environment that promotes respect, dignity and equality and that is free from all forms of harassment. To this end, the School condemns and strictly prohibits all forms of hazing, harassment, and/or bullying on school grounds, school buses and at all school-sponsored activities, programs and events including those that take place at locations outside the district.

GENERAL STATEMENT OF POLICY

- A. No student, teacher, administrator, volunteer, contractor or other employee of the school district shall plan, direct, encourage, aid or engage in hazing, harassment or bullying.
- B. No teacher, administrator, volunteer, contractor or other employee of the school district shall permit, condone or tolerate hazing, harassment or bullying.
- C. Apparent permission or consent by a person being hazed, harassed or bullied does not lessen the prohibitions contained in this policy or the enforcement of this policy.
- F. This policy applies to behavior directly connected to school activities that occur on or off school property and before, during, and after school hours.
- G. A person who engages in an act that violates school policy or law shall be subject to discipline for that act.

SEXUAL HARASSMENT

Harassment can occur employee to student, student to employee, student-to-student, male to female, female to male, male-to-male or female-to-female. It shall be a violation of this policy for any student, employee or third party (school visitor, vendor, etc.) to sexually harass any student or employee. Words alone can constitute sexual harassment. Words can create an atmosphere that is so severe, pervasive, and offensive that it denies a victim equal access to educational or employment opportunities.

SEXUAL HARASSMENT DEFINITIONS

“Sexual harassment” is defined as unwelcome sexual advances, requests for sexual favors, sexually motivated physical conduct or other verbal or physical conduct or communication of a sexual nature when:

1. submission to that conduct or communication is made a term or condition, either explicitly or implicitly, of an employee’s employment or a student’s education (including any aspect of the student’s participation in school sponsored activities, or any other aspect of the student’s education); or
2. submission to or rejection of that conduct or communication by an individual is used as a factor in decisions affecting an employee’s employment or a student’s education; or
3. the conduct or communication has the purpose or effect of substantially or unreasonably interfering with an employee’s work performance or a student’s academic performance or participation in school-sponsored activities, or creating an intimidating, hostile or offensive working or educational environment.

HAZING DEFINITIONS

“Hazing” means committing an act against a student, or coercing a student into committing an act, that creates a risk of emotional, physical or psychological harm to a person, in order for the student to be initiated into or affiliated with a student organization*, or for any other purpose. The term hazing includes, but is not limited to:

1. Any humiliating, degrading or dangerous activity demanded of a student to join a group, regardless of the student’s willingness to participate (conduct has the potential to endanger the mental or physical health or safety of a student).
2. Any hurtful, aggressive, destructive or disruptive behavior such as striking, whipping, sleep deprivation, restraint or confinement, calisthenics or other activity that subjects the student to an unreasonable risk of harm or that adversely affects the mental or physical health or safety of the student.
3. Substance Abuse – use or abuse of tobacco, alcohol or illegal drugs.
4. Any activity that intimidates or threatens the student with ostracism, that subjects a student to emotional, physical or psychological stress, embarrassment, shame or humiliation that adversely affects the health of dignity of the students or discourages the students from remaining in school.
5. Any activity that causes or requires the student to perform a task or act that involves violation of state or federal law or of school district policies or regulations.

**“Student organization” means a group, club, or organization having students as its primary members or participants. It includes grade levels, classes, teams, activities or particular school events. A student organization does not have to be an official school organization to come within the terms of this definition.

ELECTRONIC TECHNOLOGY ACCEPTABLE USE PROCEDURE

The purpose of the Schoharie Central School District-Local and Wide Area Networks, and Internet Access Network is to advance and promote education in all of its school buildings within the District. It is intended to assist in the collaboration and exchange of information among all who are concerned and involved with education. The goal of infusing technology into daily operations of our

classrooms, libraries, and offices is to promote high quality technological resources in an equitable, efficient and cost effective manner. Such technology includes and is not limited to electronic mail, local computer networks, the Internet, and other online services.

The benefit of being connected to the internet and other on-line services is that it expands classroom teaching dramatically by making many fascinating resources, including original source materials from all over the world, available to students, teachers, parents, and administrators. These services bring information, data, images, and even computer software into the classroom from places around the globe, and it does this almost instantaneously. Access to these resources can involve students in individual and group projects, cross-cultural collaborations, and idea sharing not found in schools that lack Internet and on-line-services access.

While the benefits of the Internet and other on-line services are enormous, parents need to be aware that they are open systems, which contain pockets of material that many people would disapprove of and keep away from children. The Schoharie School District will make an effort to prevent student's access to inappropriate materials on the Internet and other on-line services, but we cannot guarantee that they will not encounter text, pictures, or references that are objectionable. The District asks parents for assistance in developing responsible attitudes, reinforcing appropriate behaviors and observing security practices on the network. System users should have no expectation of privacy with respect to files saved or maintained on the District's computer systems. Network administrators and District officials will have access to all files in order to ensure system integrity and compliance with this procedure.

The use of the Local Area Network, Wide Area Network, and Internet is a privilege, not a right. Users are responsible for what they say and do on the networks. Because communication with thousands of others is so quick and easy, it is important to think before communicating and to show respect for other people and for their ideas. The use of computers must be in support of education and research, and consistent with the educational objectives and the Mission of the Schoharie Central Schools. Use of the Schoharie District's network or that of another organization's connected network or computing resources must comply with the rules appropriate for each network.

It is imperative that staff, students and visitors conduct themselves in a responsible, decent, ethical, and polite manner while using such equipment and networks. This procedure does not attempt to articulate all required or proscribed behavior by its users. The following general guidelines are provided to illustrate appropriate conduct and use. This is not an exhaustive list, but rather indicative of the type of conduct which will be considered acceptable by the district:

A. Any use of the Schoharie Central School District equipment or information networks for inappropriate, illegal, obscene or sexual harassment purposes is prohibited. Illegal activities shall be defined as a violation of local, state and/or federal laws as well as the District's rules and regulations. Inappropriate use shall be defined as a violation of the intended purpose of the network. Obscene activities shall be defined as a violation of generally accepted social standards for use of a publicly owned and operated communication vehicle;

B. Any use of the district's equipment for commercial purpose, or for individual profit or gain, or unauthorized access to databanks is prohibited;

C. Any use of equipment for private business advertisement or political lobbying is prohibited;

D. Any use of the district's equipment that will disrupt use by other users or invade the privacy of individuals is prohibited;

E. The district's on-line network accounts shall be used only by authorized students and staff approved by the Building Principal, and the Superintendent or his/her designee. Users are ultimately responsible for all activity under their operating or individual accounts, which includes but is not limited to unnecessary long distance charges, per minute (unit) surcharges and/or equipment or line costs, liability or damages caused by users who misuse the equipment, software, or networks;

F. Prudent use of the district's finite resources and shared technological resources is expected. Users may not intentionally write, produce, generate, copy, propagate, or attempt to introduce any computer code designed to self replicate (e.g. computer virus, malware, spyware), damage or otherwise hinder the performance of any computer's memory, file system or software;

G. The use of personal devices (jump or flash drives, including wireless devices) is allowed for instructional purposes, only with prior approval of the administration. These devices are permitted as long as the user engages in the required login and authentication process. Any personal devices utilized

in concert with District hardware will continue to be the responsibility of the user. Technical support, maintenance and care for non-District owned equipment is the responsibility of the owner or student and use of such devices is at his/her own risk;

H. Only approved hardware is to be connected to the network. Users may not tamper with networks, switches, modems, pc's, terminals, printers, wiring, etc.;

I. Software is protected by copyright laws; therefore, users are not allowed to make, install, use or secure unauthorized copies of software on or from District computers;

J. Plagiarism is not acceptable. All information accessible via the network should be assumed to be private property. Users will properly acknowledge all sources (Internet, email, CDs, etc...) for borrowed words, sounds, music and images with appropriate citation;

K. Storage on the network and or hard drives of any Schoharie Central School District computer is not permanent. Users have the responsibility to save work as instructed and to maintain backups of important files on diskettes or flash drives maintained in good condition. CD and DVD burners are available by permission for archiving larger projects;

L. Students, staff, parents, and administration must agree not to give out students' records, personnel information, confidential records, or internal financial data to unauthorized receivers;

M. All users' traffic that traverses another network will be subject to that network's acceptable use policy;

N. As applicable, student use will be permitted provided there is parent notification and administrative authorization and proper supervision maintained by the staff;

O. District users must recognize and observe applicable copyright laws and regulations. Unauthorized duplication or other forms of infringement of copyright materials is prohibited;

P. Students who leave or graduate and staff who leave the employment of the District may not maintain a network account or have access to District equipment;

Q. Each building administrator shall have the first level of responsibility to review alleged infractions and to determine appropriate action. The Superintendent shall receive a report on any incident and the results of the administrator's investigations;

R. The Superintendent of Schools for the Schoharie Central School District shall remain the final authority on the issuance of user accounts and on use of the networks.

SPECTATOR CODE OF CONDUCT

Spectators are an integral part of scholastic sporting events. Spectators at all times should adhere to acceptable standards of good sportsmanship and behavior. They should respect and obey all school officials, supervisors, security and police at all athletic contests.

All spectators should:

1. Show interest in the contest by cheering and applauding good plays or performance of both their team and that of the opposition.
2. Understand that it is a privilege to observe the contest, not a license to verbally attack the athletes, coaches, or officials.
3. Not make disrespectful remarks toward the players and officials
4. Follow the rules and requests of officials and faculty supervisors who are there to keep order.
5. Stay off the floor, field, or contest area at all times.
6. Not throw any object at an athlete, official, or other spectator.
7. Respect school property by not causing any damage to equipment and facilities.
8. Know that school officials have the right to refuse attendance or remove any spectator that is not behaving properly.
9. Know that NYS law prohibits smoking or the use of alcoholic beverages of any kind on school property. It further prohibits any person under the influence of alcohol to be on school property.

REPORTING VIOLATIONS OF THE CODE OF CONDUCT

All students are expected to promptly report violations of the code of conduct to a teacher, guidance counselor, the Building Principal or his or her designee. Any student observing a student possessing a weapon, alcohol or illegal substance on school property or at a school function shall report

this information immediately to a teacher, the Principal, the Principal's designee or the Superintendent of Schools.

DISCIPLINARY PROCEDURES AND PENALTIES

A. PENALTIES

The school personnel identified after each penalty are authorized to impose that penalty, consistent with the student's right to due process.

1. Verbal warning - Any member of the school staff (school staff includes teachers, administrators, bus drivers, aides, cafeteria staff and aides, custodians, other paraprofessionals).
2. Written documentation - Any member of the school staff (school staff includes teachers, administrators, bus drivers, aides, cafeteria staff and aides, custodians, other paraprofessionals).

12. Short-term (five days or less) suspension from school - Principal, Superintendent, Board of Education
13. Long-term (more than five days) suspension from school – Principal, Superintendent, Board of Education

*** Students suspended from school or in ISS are not eligible to participate in any school activities during the period of the suspension.**

B. PROCEDURES

The amount of due process a student is entitled to before a penalty is imposed will depend on the type of penalty being imposed. In all cases, regardless of the penalty imposed, the school personnel authorized to impose the penalty must let the student know what misconduct the student is alleged to have committed, and must investigate the facts surrounding the alleged misconduct. All students will have an opportunity to present their version of the facts to the school personnel imposing the disciplinary penalty in connection with the imposition of the penalty.

Students who are to be given penalties other than a verbal warning, written warning, written notification to their parents or in school detention are entitled to additional rights before the penalty is imposed. These additional rights are explained below.

1. After School Detention

Teachers, principals and the superintendent may use after-school detention as a penalty for student misconduct. Detention will be run from 2:50 p.m. to 3:25 p.m. on Tuesday, Wednesday, and Thursday each week.

2. Suspension from Transportation

If a student does not conduct himself/herself properly on a bus, the bus driver is expected to bring such misconduct to the Building Principal's attention. Students who become a serious disciplinary problem may have their riding privileges suspended by the Building Principal or the Superintendent. In such cases, the student's parent will become responsible for seeing that his or her child gets to and from school safely.

A student subjected to a suspension from transportation is not entitled to a full hearing pursuant to Education Law § 3214. However the student and the student's parent will be provided with a reasonable opportunity for an informal conference with the Building Principal to discuss the conduct and the penalty involved.

3. Suspension from Athletic Participation, Extra Curricular Activities and Other Privileges

A student subjected to a suspension from athletic participation, extra-curricular activities or other privileges is not entitled to a full hearing pursuant to Education Law § 3214. However, the student and the student's parent will be provided with a reasonable opportunity for an informal conference with the district official imposing the suspension to discuss the conduct and the penalty involved.

4. After School Tutoring

A student suspended from school and under the compulsory education age of 16 must be provided with instruction. To fulfill this, the district will provide after school tutoring for said students from 3:30 p.m. to 5:30 p.m. for each day suspended from instruction.

5. In-school Suspension (ISS)

A student may be subjected to in-school suspension (ISS) that removes the student from a classroom and places the student in an alternative location. Students will be supervised at all times and will eat lunch at a set time. No other eating will be permitted. Students will be provided with academic assignments to be completed while in ISS. They may not leave their seats or talk without permission and they must sit attentively (no sleeping). Pass privileges will be limited to two bathroom passes (one in morning; one in afternoon). Students in ISS will not be permitted to attend any school or district functions or activities (including athletic and/or social events). Disruptive and uncooperative behavior while in ISS will be handled directly by an Administrator, who may add additional days to the remaining ISS time, as well as out-of-school suspension and/or a superintendent's hearing, depending upon the severity of the behavior.

6. Suspension from School (OSS)

Suspension from school is a severe penalty, which may be imposed only upon students who are insubordinate, disorderly, violent, or disruptive, or whose conduct otherwise endangers the safety, morals, health or welfare of themselves or others.

ATTENDANCE EXPECTATIONS

We encourage excellent student school attendance. This policy is presented with the hope that its implementation will improve student school attendance and improves the student's academic and social achievement as a member of the school community.

New York State mandates that a student meet a minimum seat time requirement in order to receive academic credit for a course. Class time and other curricular-related times spent with any of our teachers are as important as quizzes, tests, projects, reports, labs and other more tangible forms of assessments. To receive course credit in a full year course, a student needs to be in attendance a

minimum of 153 days. To receive credit for a half-year course, the student needs to be in attendance for a minimum of 76 days. Students who exceed the number of absences may be denied course credit. Students will not be allowed to make up class time in order to earn class credit. Grading will include credit for class attendance or loss of credit for absences. If students exceed the number of class absences a superintendent's hearing may be held to determine denial of course credit. (If course credit is denied to a senior and the student fails a required course, the student is not eligible for participation in graduation.)

When students are absent, it is their responsibility to obtain **homework assignments**. If students are absent for more than two days, the parents should call the school in the morning as early as possible to request homework to be picked up at the end of the day. The maximum time allowed for make-up work is equal to the time absent. If students are required by a physician to convalesce at home because of a serious illness or injury for a period of more than five (5) school days, they will be entitled to home instruction. The costs for home instruction must be assumed by the school district by law. When students are receiving home instruction, technically, they are considered to be "attending school regularly."

School attendance affects co-curricular and interscholastic activities as well; therefore, to participate, either directly or as a spectator in these events:

1. Students must attend school on the day on which an evening co-curricular or interscholastic event is scheduled. Such events include, but are not limited to, athletic events, dances, plays, practices or concerts.
2. Students must attend school on the day preceding a weekend co-curricular or interscholastic event, subject to the coach, advisor or Principal's review.
3. If a student's absence has been the result of an appointment which was not possible to schedule at another time, the student's parent should provide a note to this effect upon the student's arrival at school. In such cases, the student may be allowed to participate in a co-curricular activity with the authorization of the Principal.
4. Students must arrive at school by 8:20 a.m. in order to compete, perform or otherwise participate in a co-curricular or interscholastic activity.
5. Any requests for variance on these stipulations must be directed to the principal before the event or activity in question occurs.

Definitions

1. Excused Absences

- a. Personal illness and illness or death in the family
- b. Religious observance
- c. Medical visits
- d. Approved college visits
- e. Military obligations
- f. Absences approved in advance by the Principal, Superintendent, and the Commission of Education

2. Unexcused Absences

- a. A student who is absent from school or classes with the knowledge and consent of his parents or legal guardian for other than legal reasons is considered an unexcused absence from school. Such excuses as the following are included under this heading: shopping trips to the local mall, family vacation, oversleeping, skipping class, and any other absence that is not excused as determined by the Principal, Superintendent, and the Commissioner of Education. Unlawful detention is considered to be a serious matter by school officials and education law.
- b. A student who is absent from school without the knowledge or consent of a parent or legal guardian is considered to be truant from school. Truancy from school is considered to be a serious matter by school officials and education law.

Truancy results in calls to parents and two (2) days of detention for each full day truant. Repeated truancies may result in suspensions or referrals to county agencies for those under 16 and consideration of withdrawal from school for those 16 and over. (In accordance with Chapter 400, Laws of 1981.)

- c. There is no school, or class approved “skip day” for any group. If a day of organized absences by any group (seniors and/or juniors, etc.) is apparent, the district will take appropriate action.
- d. If a questionable pattern or number of illegal excuses appears on the student’s record, the attendance officer may require a doctor’s excuse for all succeeding absences. If no medical excuse is provided, the absences will be marked as unexcused.

EXCUSES

Students are required by Commissioner’s Regulations to bring in a written excuse signed by their parent or guardian stating the reason for the absence. We also encourage parents to telephone the nurse to verify student absences.

Upon returning to school after an absence, students should report to the nurse’s office and present an excuse for re-admission before going to homeroom. Excuses not provided within 3 days after returning will result in the absence(s) being marked as an unexcused absence. Parents will be notified by letter when the absences have been marked truancy because of no excuse being provided. **Excessive unexcused absences may affect course credit.**

In addition, students arriving late must sign in at the nurse’s office with an official written excuse for this tardiness.

Students with notes to sign out for an excused purpose must present them at the nurse’s office first thing upon arriving at school.

***Students suspended from school or in ISS may not participate in any school activities.**

LATE ARRIVALS AND EARLY DISMISSALS

Schoharie Jr./Sr. High School requires specific sign-out procedures for partial absences from school or for early dismissals for students. In these cases, written or phone permission is required from a student’s parents and school approval is required through the principal. Approved parental requests are to be processed through the school nurse for sign-in or for sign-out purposes.

The school recognizes valid reasons for partial absences. Such reasons include medical appointments, dental appointments, and deaths in the family, court appearances, and probation meetings, out of school suspension and college visitation. The administration discourages activities such as banking and motor vehicle business on school time. The principal reserves the right to withhold permission for these activities.

Activities which are unacceptable reasons for partial absences and which will be discouraged are shopping, work and recreation.

THE PASS SYSTEM

Teacher and staff generated passes should conform to the following guidelines: one person per pass, must include time and destination, and must be legibly written in ink. Teachers and staff may only provide passes allowing students access to supervised areas. All students with passes are required to sign in/out of their destinations.

Honor Pass:

A personalized green ID card, revocable by the teacher or via the referral process through the principal's office. It must be produced for each use.

BOOK AND LOCK REGULATIONS

All books and other materials provided by the school for student use, including library books, are the property of the Schoharie Jr./Sr. High School. The following regulations govern their use:

1. Students are responsible for the care of texts and library books signed out to them.
2. The District does not supply Regents review books.
3. Students are liable to a charge or fine in the following instances:
 - a. If a book is lost or stolen
 - b. If a book is defaced or abused
 - c. If a lock is lost or stolen
 - d. If a locker is defaced or abused

Lockers and locks are provided by Schoharie Jr. Sr. High School for safe storage of school related materials. Students are encouraged to keep their lockers securely locked at all times to ensure safekeeping of their clothing and educational materials. Toward this end, students should **keep their combinations confidential and maintain their assigned locker**. Students must keep lockers locked securely at all times. Students should immediately report faulty lockers or locks to their homeroom teacher, who will communicate this information (via work order) to the maintenance staff for repair. **All lockers are the property of the school and, as such, are subject to staff inspection at any time, through conventional means or with police assistance.**

Remember the locker rules:

1. Don't give your combination to other people.
2. Do not leave money or valuables in your locker.
3. You must keep your locker clean.
4. You may go to your hall locker only at appropriate times or with a pass.

Please Note: The school is not responsible for student's personal property which may be lost, stolen, or damaged. Electronic devices are especially prone to loss, and we cannot stress how important it is for these devices to remain home and not be brought to school.

PARENT COMMUNICATION

Student academic progress is reported through several means. Mid-marking reports may be sent home four times per year in October, December, March and May. Report cards are sent home in November, February, April and June. In addition to marks, students' class attendance and effort are also reported to parents.

Anyone wishing to access staff, teachers, counselors or administration may do so by calling the school at 295-6601 during school hours (7:30 a.m. – 4:00 p.m.). Parent conferences are available upon request, either through teachers, school counselors or administration.

GRADING POLICIES GRADES 9-12

Schoharie Sr. High School conducts four report card distributions each year. These distributions occur at ten-week intervals. Report cards are sent home via the students at the first three distributions. The final report card is sent home by mail.

The purpose of assigning grades is to report students' educational progress to parents and students. The determination of ten-week marks is the responsibility of individual subject teachers. Marks will reflect a numerical equivalent to student achievement. Quarterly grades will reflect, but not be limited to, a student's performance on tests, quizzes, papers and any other specifically assigned projects. A student's quarterly grade will also reflect the importance of attendance. Additional guidelines include the following:

1. Final averages are determined by averages of quarterly performances, performance on mid-term exams, final exams, and special projects and Regents exams when applicable. Parents and students should feel free to ask each teacher about the specific method used for final average calculation.
2. The passing grade in grades 9-12 is 65.
3. Students enrolled in Regents courses must take and pass Regents examinations in order to gain Regents credit.
4. In order to receive credit for a course, the student must satisfactorily complete all course requirements determined by the principal. A student who fails a required course must repeat the course, either in summer school or the following school year. Students who could not pass a course should not expect to be allowed to double up the following year.

GRADES OF "INCOMPLETE"

Teachers who wish to extend a particular courtesy to students who have been legally absent may assign a grade of I – Incomplete on the student's report card. "Incompletes" must be completed or resolved within two weeks following the end of the marking period, otherwise the student's grade will reflect the grade earned.

If students do not resolve the "Incomplete" during the allotted time, they will not receive credit for the missing work and will risk being assigned a failing grade for the marking period in the incomplete course.

Teachers will inform the parents about the "Incomplete" and the effect that repeated absences will have on a student's course work.

ACADEMIC ELIGIBILITY PROCEDURES FOR GRADES 7-12

1. At Interim (5 week) and Report Card time (10 week), Administration will review student performance. A student who is failing one subject at each five-week period will be placed on probation for school-related extracurricular, intramural, and interscholastic athletic activities for the next five weeks. That student's grades will be monitored during the probationary period. A student who is failing two or more subjects will be automatically ineligible for school-related extracurricular, intramural, and interscholastic athletic activities (games and scrimmages) for one (1) week, **Monday-Sunday**. Also included are any plays, field trips, county festivals, contests, clubs, dances, or other extra-curricular activities, etc.
2. For the next five weeks, the probationary/ineligible student will take a Weekly Progress Report to all of his/her academic teachers for an update. This report will be turned into Administration each Monday for review. Probationary and ineligible students will still be expected to carry the sheet to teachers until the end of the five-week interim or marking period. After the marking period a probationary/ineligible student will be removed from that status if the student's grades improve. The student may be returned to academic probationary/ineligible status if it is found that his/her grades again are failing. Probationary students who do not fill out their weekly sheets will become ineligible.
3. If the student continues to experience problems, the coach, club advisor, guidance counselor, or principal may arrange a conference with the student and parents to determine the extent, if any, of further participation in that sport or extracurricular activity.
4. **Probationary/ineligible students that do not participate in the Weekly Progress Sheets are not eligible to play/participate in games, club activities, plays, dances, or other after-school activities.** Any "extenuating circumstances" should be appealed to the Principal, who along with input from the Athletic Director, guidance counselor, classroom teachers and coaches, will have the responsibility for final decisions in cases of ineligibility.
5. For evaluation purposes, a grade of "incomplete" is considered a failure. However, the incomplete can be altered to a "passing" grade at the discretion of the teacher and full eligibility

restored. A student with an incomplete as a grade must circulate the Weekly Progress Sheet in order to be removed from probationary or ineligible status.

6. It is the probationary or ineligible student's responsibility to ensure that all necessary paperwork and communication with teachers, coach, and principal/designee is maintained.
7. This procedure does not replace or modify behavioral ineligibility.

STUDENT PARKING

Students with a valid driver's license may be eligible to drive to school and park on school grounds. Sections of the school parking lot are allotted to such students. Because limited parking spaces are available for students in the district lots, student-parking permits are issued according to specified priorities.

1. Students whose driving is directly related to a serious health condition.
2. Seniors who have a job, work to supplement the family's income, and must arrive at their job immediately after school.
3. Juniors who have a job, work to supplement the family's income, and must arrive at their job immediately after school.
4. Seniors who have a job and have an early dismissal.
5. Seniors who have a job, take an extension course, or participate in a specific co-curricular activity, and must arrive at their destination immediately after school.
6. Juniors who have a job, take an extension course, or participate in a specific co-curricular activity, and must arrive at their destination immediately after school.
7. Seniors who wish to drive to school
8. Juniors who wish to drive to school

Students who wish to apply for a parking permit must follow these procedures:

1. Report to the main office on their own time (before or after school or during lunch) and request a "Parking Permit Application."
2. Complete the application and return a copy, attaching a copy of their driver's license and including a \$4 processing fee for the cost of the permit.
3. Since district parking space is limited, no student is guaranteed a parking permit simply by the virtue of applying for one.

****Misuse of driving privileges will lead to revocation of the parking permit, and/or possible removal of vehicle from school property.***

MEDICATION IN SCHOOL

New York State Education Law prohibits the giving of internal medication in school unless a written doctor's order for that medication is brought to the school nurse. This law also includes over the counter medication such as aspirin, Tylenol, cold preparations, etc.

Parents are required to personally bring to the nurse all medication in the bottle, with the original prescription label. This enables the parent to give any further information and/or directions to the nurse as well as preventing loss or misuse of the medication. Medication cannot be administered at school unless all of these procedures are followed.

Inhalers in school: Inhalers that are prescribed by a physician and need to be carried by the student at all times MUST have a written prescription from the physician stating this. Also, a note from the parent

acknowledging the fact that the child needs to carry the inhaler must be sent into school along with the prescription. These must be given to the school nurse the first day of school or when the inhaler is first prescribed. It is recommended that the student's name be put on the medication in case it is mislaid or lost so that it can be returned, as there are a number of students who use them. **Inhalers cannot be carried in school unless these procedures are followed.**

BACKPACKS AND BOOK BAGS

Students may use backpacks and book bags to transport books and supplies to and from school. For safety concerns, students **must** store them in their lockers during the school day. **Failure to do so will result in disciplinary responses.**

LOST AND FOUND

Items found should be turned in at the Nurse's office or the Athletic Director's office, whichever seems most appropriate. Pupils should report losses to the Principal and complete a Missing Items report to aid in recovery.

The school cannot be responsible for loss or theft of property from lockers, rooms, etc. Students are encouraged to safeguard their possessions (see Book and Lock Regulations).

Under specific conditions visitors may be permitted for one day at a time at Schoharie:

3. A visitor must be accompanied at school by a Schoharie student who serves as a host or hostess.
4. The visitor will be required to follow the host's or hostess's schedule upon the day of the visit.
5. All of the host's or hostess's teachers must approve of the presence of a visitor at least one day prior to the visit (see main office for form).
6. The principal will verify teachers' approval. Upon such verification, a visitor's pass may be issued.
7. Visitors are expected to adhere to all rules for student activity in the Jr./Sr. High School.

 2. Students are to go to the end of the line when entering the food service area.

 5. Students who spill something are to get cleaning equipment from the kitchen and clean up for themselves.

GYMNASIUM USE

While using the gymnasium, students are reminded of the following:

1. The gym may not be used unless there is faculty supervision.
2. Only sneakers or gym shoes may be worn on the gym floor.

4. Students should not be in locker rooms except on school business.

2. Because of the demand for materials, renewals are for one week only.
3. Magazines, pamphlet materials and books put on reserve are lent overnight only.
4. Students using the library for study must be quiet.

STUDY HALLS

Study halls are intended to provide quiet working time for students. While attending study halls (including after school athletic study hall), students are to adhere to specific instructions:

2. Sign out on the sign-out sheet, as directed by the teacher or aide in charge of the study hall.
3. Speaking to another person is to be allowed only when permission is granted by the teacher or by the aide.
4. Students who have passes from study hall must return to the study hall before the end of the period with their passes signed by their receiving teacher.

PEER MEDIATION PROGRAM

Peer mediation is a voluntary confidential program in which two students who are having a conflict agree to sit down with two trained peer mediators and a staff member to work out their differences by employing methods of peaceful conflict resolution. Together they come up with a written contract they both can live with.

Students who are experiencing a conflict should be encouraged to pick up a Peer Mediation Request form from a guidance counselor or a social worker. Every effort will be made to schedule the mediation during a lunch period or a study hall.

EXTRA-CLASS ACTIVITIES

Each week, three periods are set aside after school for extra help in classes, and for student activities, organizations and clubs to meet. A 3:30 p.m. bus is available to take students home. Clubs are open to the entire student body and students may select to join one or more which interest them.

SCHOOL DANCE POLICY AND CONTRACT

School dances are an important part of life for students at Schoharie Jr./Sr. High School (Grades 7-12). They provide an opportunity for students to socialize, relax and have fun with their friends. As such, it is necessary that certain guidelines be observed in order to keep dances safe activities for students.
