

Home-School Connection

September 2022

Attendance Makes a Difference

Your child's teachers will do their best to help your child learn and succeed in school. But there's one thing *only you can do* - get him or her to school everyday.

Children who don't attend school regularly fall behind. They can have a hard time making and keeping friends - especially in elementary school.

Show your child and his/her teachers that you know attendance counts:

- Tell your child how important school is.
- Make dental and other appointments during non-school hours.
- Don't let your child skip school for reasons that wouldn't prevent you from going to work.
- Avoid taking your child out of school on exam days.
- Keep track of your child's absences. See if there are any patterns that need to be changed.
- Communicate with us if your child is expressing a worry about being in school so we can help address it.

***** Send a written excuse upon their return to school *****

EPTSO Corner

Elementary- We are so excited to welcome our students and staff back to school and are looking forward to a fun year! Be sure to check out our Little Free Library which is celebrating Roald Dahl day in September with a special selection of free books!

Parents- Look for our table at Open House Night to learn more about who we are and how you can get involved!

Teachers- We were so happy to have been able to welcome staff back to school with a Grab-N-Go breakfast. We are continually grateful for your dedication and support of our students.

Students- Classroom snacks are once again being provided for those days when students forget to bring them in.

Organization- In order to continue providing for our students and staff we need more volunteers. Please join us for our first meeting on **Thursday September 8th at 6pm at the Schoharie Village Library. A link to join virtually will be sent home via Messenger.**

All students enrolled in the Schoharie Central School District are eligible to receive a healthy breakfast and lunch at school at no charge to your household each day of the 2022-2023 school year. If you have not already done so, please complete the Household Income Eligibility form linked here:

Sept. 27 Fall Intramurals begin - Gr. 4
Band begins - Gr. 5
Sept. 26 Just Run begins - Gr.3-Gr.5
Sept. 28 Fall Intramurals begin - Gr. 5
Picture Day
Sept. 29 Choir begins - Gr. 4 & Gr. 5

Message from the Principal

We look forward to welcoming the students back on Tuesday, September 6th. There have been many upgrades to the District this summer that are hard to miss, including a paving project with a new parking lot and a brand new playground. The paving project created a safer traffic pattern, and many more parking spaces, which were very necessary. Please follow the traffic signs and directional arrows in the parking lot, as the safety of all is our top priority. The playground equipment installed this summer was purchased by the District through grant funds at no cost to the taxpayer. There is still equipment coming that was funded through an EPTSO dance-a-thon fundraiser last year. We look forward to utilizing these great additions.

We are slated to complete a Capital Project over the next two years. This project will provide our elementary school with a new library and cafeteria. It will allow us the space to have a gymnasium/auditorium which is big enough for our students and families to gather for celebrations comfortably without needing to trek through the high school.

We have many building-wide activities planned that will continue to send our message of kindness and no bullying here at Schoharie Elementary. This month, we'll focus on "Start with Hello" week. Start With Hello is a program developed by the Sandy Hook Promise that teaches students to be more socially inclusive and connected to each other.

Home-School Connection

September 2022

Communication between school and home is so important. We've developed many ways to help with this. Parent Portal allows you to see your child's teacher, grades, and update contact information. School Messenger is the app we use to email/text you regarding whole building announcements. Ride 360 is the tool we are using so you can track bus information. If you have not signed up for the above communication tools yet, please call the office to help you stay updated constantly.

Sincerely,
Andrea Polikoski
