March 29, 2022

Dear Families,

At Schoharie CSD, we know the importance of school meals in fueling both healthy minds and bodies. Even though school meals may look a little different during the school year 2021-2022, please know that your school nutrition team is working hard to ensure students have safe, nutritious, and appealing meals.

Today, I am writing to share how our district has been diligently working to have our students go back to some kind of normalcy. We are proud to announce that we will be going back to full in-service meal periods in the Elementary School starting April 4th 2022. Students will be able to come through the lunch line located in the cafeteria to obtain their lunch and also purchase snacks and second meals.

We will be implementing our snack milk program once again, cards will be available for purchase from our cashier kiosk station. We also have implemented a new point of sale (POS) system called Titan which replace MySchoolBucks. This system will allow families to place money on student's accounts and check daily menus that contain key information such as calorie, sodium count, and carbohydrates. Please see the link below for more information on the Titan system: (<https://family.titank12.com/menu/F9ST3K>).

If you have any questions please feel free to reach out to me.

Sincerely,

Lateef R Clark
Food Service Director
